

## 7A AUTOMOTIVE PRODUCTS

- RCS131 WHITE WALL TIRE CLEANER**  
All purpose, butly type high alkaline cleaner degreaser. Specially formulated to penetrate and remove dirt and stains from white walls on rubber and synthetic tires.
- RCS141 BUS & TRUCK WASH – Detergents and solvent to remove soot, tar & grime on vehicles**  
A concentrated blend of mild alkaline detergents and synthetic wetting agents to effectively clean vehicle surfaces. Requires minimum agitation of the surface and is free rising. Can be used manually or mechanically. Use on buses, trucks, trailers, planes, etc.
- RCS175 WASH & WAX – Cleans & Leaves Luster w/o Leaving Film**  
Mild high foaming automobile and vehicle wash with wax to wash away dirt and rinse free. Leaves luster without leaving film. Dilute 1 to 4 oz/per gallon.
- RCS180 CONCENTRATED AUTO WASH – Concentrated to penetrate**  
This car wash is a blend of emulsifying agents and detergents. Emulsifies dirt and road film rapidly. It is a high sudsing and free rinsing concentrate. The non streaking formula is used manually and is mild to hands.
- RCS186 WINDSHIELD ANTI-FREEZE – Windshield cleaner/antifreeze**  
Concentrated methyl alcohol based cleaner. Dilutable formula for use in summer and winter. Keeps reservoirs and spray from freezing and effectively cleans windshields from road dirt and soils without streaking. Quick drying.
- RCS186R WINDSHIELD WASHER READY TO USE:**  
Ready to use methyl alcohol based cleaner. Use in summer and winter. Keeps reservoirs and spray from freezing and effectively cleans windshields from road dirt and soils without streaking. Quick drying.
- RCS400 EMULSIFIABLE ENGINE DEGREASER A solvent/water emulsifiable solvent degreaser product**  
Removes and solubilizes oils and grease from all surfaces. Heavy duty degreaser motor cleaner, and garage floor cleaner. May be used full strength or diluted 1:6 with cheaper solvent. Non-caustic, cleans by emulsion. Flush with water under pressure.
- RCS416 SNOW PLOW WAX – Leaves an invisible non stick shield on snow plow**
- RCS441 PROTECT "CPR" – Vinyl, Rubber protectant & rejuvenator**  
While water emulsion formulation brings life back into dull rubber tires, vinyl tops, canvas, awnings and other surfaces. This product makes surfaces water proof to withstand multiple washings. Contains anti-stat to resist dirt, dust and break dust. Concentrated and long lasting.
- RCS442 TOTAL LOOKER – Premium solvent tire dressing**  
A premium blue solvent to complete a total detail for auto tires and vinyl component surface. This is a one step product that does the work for you. Total looker gives a high gloss and deep coating in one easy step.
